

MELTON HIGHWAY, SYDENHAM

# JULY MAJOR WORKS

## 28 July – 31 July 2017

The dangerous Melton Highway level crossing will soon be history.

Melton Highway will be closed at the level crossing from 8.00pm Friday 28 July until 5am Monday 31 July between Overton Lea Boulevard and McCubbin Drive so that crews can safely lower the overhead electrical wires on the rail line before installing the new road bridge beams.

There will be detours in place to help drivers get to where they need to go. For additional information about pedestrian access changes and replacement buses visit our website.

Local businesses, including Watergardens Town Centre will remain open for business as usual, so please come and support your local traders.

Come and meet our project team to find out more about the major works during July.

---

### Information sessions

**When:** 9.00am – 5pm Saturday 22 July and  
10.00am – 5pm Sunday 23 July
